

BPM PAPER RECEIVES RECOGNITION AS A GREEN PROFESSIONAL IN WISCONSIN'S GREEN MASTERS PROGRAM

BPM Inc., manufacturer of specialty papers, flexible packaging and fine papers, has been recognized as a **Green Professional** in the Wisconsin Sustainable Business Council's Green Masters Program. As a Green Professional, BPM joins a select group of companies that are actively pursuing sustainability.

The Green Masters Program recognizes sustainable actions by businesses from across the state and defines "sustainability" through **nine key areas**:

- Energy
- Carbon
- Water
- Supply Chain
- Transportation
- Waste Management
- Outreach
- Workforce
- Governance

"Participating in the Green Masters Program is another way BPM validates its commitment to the environment, responsibility and **sustainability**," said Mitchell Mekaelian, VP of Sales and Marketing. "The BPM team compiled data, worked together and submitted required paperwork to be evaluated and as result was recognized as a **Green Professional**. BPM will continue to manufacture paper with sustainability at the forefront of its operations while providing
